Statistical Techniques in Business and Economics

ROBERT D. MASON

Professor of Statistics
The University of Toledo

THIRD EDITION

RICHARD D. IRWIN, INC. Homewood, Illinois 60430

Irwin-Dorsey International, London, England WC2H 9NJ

Irwin-Dorsey Limited, Georgetown, Ontario L7G 4B3

Contents

1. Introduction, 1

Definition, 1

Descriptive Statistics, 2

Inductive Statistics, 3

The Role of Statistics in Business and Other Areas, 4

2. Collection of Business and Economic Data, 6

SOURCES OF PUBLISHED DATA, 6

Delimiting the Problem, 6

Searching the Library for Similar Studies, 7

Examining Standard Business and Economic Sources, 7

Publications of the Federal Government, 8

Publications of Private Organizations, 9

Publications by International Organizations, 10

Other Sources, 11

Consulting Reference Aids, 11

THE SURVEY AS A SOURCE OF DATA, 12

Criteria for Questionnaire Construction, 14

3. Presentation of Data, 18

GRAPHIC PRESENTATION 18

The Arithmetic Scale, 18

Simple Line Charts and Simple Bar Charts, 19

Multiple-Line Charts and Multiple-Bar Charts, 21

Component Bar Charts and Component Line Charts, 23

Two-Directional Bar Charts and Two-Directional Line Charts, 25

<i>Pictographs</i> , 27
<i>Pie Charts</i> , 27
<i>Statistical Maps</i> , 28
<i>Cautions in the Construction of Charts</i> , 30
<i>"Breaking" the Y-Axis</i> , 30
<i>Select Appropriate Scaling on Both the X- and Y-Axes</i> , 30
<i>Select Types of Charts Carefully</i> , 31
<i>Semilogarithmic (Ratio) Scaling</i> , 32
<i>Design of Semilogarithmic (Ratio) Paper</i> , 32
<i>Application of Semilogarithmic Paper</i> , 34
STATISTICAL TABLES, 38
<i>Data over a Period of Time</i> , 39
<i>Geographic Data</i> , 39
<i>Qualitative Data</i> , 40
<i>Quantitative Data</i> , 40
<i>Mechanical Features of Table Construction</i> , 40
<i>Table Number</i> , 41
<i>Title</i> , 41
<i>Headnote</i> , 42
<i>Stub</i> , 42
<i>Column</i> , 42
<i>Footnotes</i> , 42
<i>Source</i> , 43
<i>Summary</i> , 44
<i>Additional Problems</i> , 45

4. Frequency Distributions, 47

<i>Introduction</i> , 47
<i>Construction of a Frequency Distribution</i> , 49
<i>The Raw Data</i> , 49
<i>The Array and Tallies</i> , 49
<i>Classes and the Class Interval</i> , 50
<i>Other Criteria for the Construction of Frequency Distributions</i> , 53
<i>Graphic Presentation of Frequency Distributions</i> , 55
<i>The Histogram</i> , 55
<i>The Frequency Polygon</i> , 56
<i>Cumulative Frequency Distributions and Polygons</i> , 58
<i>Summary</i> , 62
<i>Additional Problems</i> , 63

5. Measures of Central Tendency, 67

<i>Arithmetic Mean</i> , 68
<i>Median</i> , 72
<i>Modified Mean</i> , 77
<i>Mode</i> , 78
<i>Geometric Mean</i> , 80
<i>Relationship of the Mean, Median, and Mode</i> , 83
<i>Summary</i> , 86

Final Chapter Self-Review Examination, 87	
Additional Problems, 89	
ANSWERS TO THE FINAL CHAPTER SELF-REVIEW EXAMINATION, 96	
ANSWERS TO THE PROBLEMS IN THE CHAPTER, 98	

6. Measures of Dispersion and Skewness, 99

Measures of Absolute Dispersion, 100	
Range, 100	
Quartile Deviation, 101	
Deciles and Percentiles, 108	
Average Deviation, 110	
Variance and the Standard Deviation, 112	
Measures of Relative Dispersion, 120	
Measures of Skewness, 122	
The Semiskilled Employees Summarized, 123	
Summary, 124	
Final Chapter Self-Review Examination, 125	
Additional Problems, 127	
ANSWERS TO THE FINAL CHAPTER SELF-REVIEW EXAMINATION, 132	
ANSWERS TO THE PROBLEMS IN THE CHAPTER, 133	

7. Index Numbers, 134

Introduction, 134	
Construction of Index Numbers, 138	
Unweighted Index Numbers, 138	
Weighted Indexes, 141	
Consumer Price Index, 148	
Special Uses of the Consumer Price Index, 149	
Real Income, 149	
Purchasing Power of the Dollar, 151	
Cost-of-Living Increases, 152	
Shifting the Base and Splicing, 152	
Shifting the Base, 152	
Splicing, 154	
Summary, 156	
Final Chapter Self-Review Examination, 157	
Additional Problems, 159	
ANSWERS TO THE FINAL CHAPTER SELF-REVIEW EXAMINATION, 163	
ANSWERS TO THE PROBLEMS IN THE CHAPTER, 165	

8. Time Series, 167

Components of a Time Series, 169	
Secular Trend, 169	
Seasonal Variation, 170	
Cyclical Variation, 170	
Irregular Variation, 171	
Linear Trend, 171	
Freehand Method, 172
