COMPREHENSIVE **Graphic Arts**

Third Edition

Ervin A. Dennis, Ed.D.
Professor
Department of Industrial Technology
University of Northern Iowa
Cedar Falls, Iowa

John D. Jenkins, Ed.D.
Professor
Department of Industrial Education and
Technology
Eastern Kentucky University
Richmond, Kentucky

GLENCOE

McGraw-Hill

New York, New York
Columbus, Ohio
Mission Hills, California
Peoria, Illinois

CONTENTS

Preface	iii
Acknowledgements	v
SECTION 1. Graphic Arts Industry	1
1. Introduction to Graphic Arts	3
2. The Scope of Graphic Arts	6
3. Cultural Contributions of Graphic Arts	9
4. Size of the Industry	10
5. Graphic Arts Printing Processes	14
6. Learning Experiences: Graphic Arts Industry	14
SECTION 2. Type Styles	17
7. Introduction to Typefaces	18
8. Evolution of the Alphabet	21
9. Development of a Typeface	23
10. Characteristics of Typefaces	27
11. Text Type Style	28
12. Roman Type Style	30
13. Sans-Serif Type Style	31
14. Square-Serif Type Style	32
15. Script Type Style	33
16. Novelty Type Style	34
17. Learning Experiences: Type Styles	34
SECTION 3. Planning, Design, and Layout	37
18. The Value of Planning, Design, and Layout	40
19. Point and Metric Measurement	47
20. Graphic Design Principles	52
21. Graphic Color Principles	55
22. Thumbnail Sketches	58
23. The Rough Layout	59
24. The Comprehensive Layout	63
25. Page and Signature Layout	69
26. Learning Experiences: Planning, Designing, and Layout	69
SECTION 4. Type Composition Methods	73
27. Introduction to Type and Image Composition	76
28. Foundry Type Composition	81
29. Hot-Metal Type Composition	83
30. Impact, Thermal, and Laser Imaging Systems	88
31. Dry-Transfer and Hand-Mechanical Type Composition	91
32. Photographic Type Composition	97
33. Electronic Imagesetting	101
34. Learning Experiences: Proofing Type and Image Composition	101
SECTION 5. Proofing Type Composition	105
35. Introduction to Proofing	106
36. Proofing Relief Type	109
37. Proofing Photographic and Digital Type Composition	111
38. Proofreading Procedures	113
39. Correcting Type Composition	114
40. Learning Experiences: Proofing Type and Image Composition	114

SECTION 6. Copy Preparation for Process Photography	
41. Introduction to Copy Preparation	117
42. Equipment and Materials for Copy Preparation	118
43. Kinds of Copy	121
44. Copy Considerations	128
45. Cropping, Scaling, and Register Marks	130
46. Making the Paste-Up	133
47. Copy Division for Multi-Color Reproduction	135
48. Notes and Instructions to the Printer	138
49. Learning Experiences: Copy Preparation for Process Photography	140
SECTION 7. Process Cameras and Darkroom Procedure	
50. Introduction to Process Cameras and Darkroom Procedures	143
51. Classifications of Process Cameras	146
52. Films and Chemicals for Process Photography	148
53. Darkrooms	151
54. Safety in the Darkroom	156
55. Exposing and Processing a Line Negative	157
56. Exposure Calculations for a Halftone Negative	162
57. Exposing and Processing a Halftone Negative	169
58. Contact Printing	176
59. Diffusion Transfer Process	181
60. Process-Color Reproduction	186
61. Difficulties and Answers in Working with Negatives	195
62. Standardizing Darkroom Procedures	197
63. Learning Experiences: Process Cameras and Darkroom Procedures	199
SECTION 8. Letterpress Image Carriers	
64. Introduction to Letterpress Image Carriers	203
65. Safety with Letterpress Carriers	206
66. Photoengravings	207
67. Rigid Photopolymer Relief Plates	209
68. Flexible Photopolymer Relief Plates	213
69. Stereotypes and Electrotypes	216
70. Flexographic Printing Plates	218
71. Rubber Stamp Making	223
72. Creating Linoleum Blocks	227
73. Learning Experiences: Letterpress Image Carriers	230
SECTION 9. Letterpress Imposition	
74. Introduction to Letterpress Lockup and Imposition	233
75. Tools and Equipment	234
76. Kinds of Lockups	238
77. Lockup Procedure	240
78. Multiple-Page Lockup and Imposition	244
79. Learning Experiences: Letterpress Imposition	249
SECTION 10. Letterpress Image Transfer	
80. Introduction to Letterpress Image Transfer	251
81. Flexographic Printing	255
82. Book Production System	259
83. Safety with Letterpress Presses	263
84. Platen Press Preparation	264
85. Platen Press Operation	267

86. Cylinder Press Operation	270
87. Platen and Cylinder Press Cleanup	274
88. Learning Experiences: Letterpress Image Transfer	275
SECTION 11. Lithographic Imposition	
89. Introduction to Lithographic Imposition	279
90. Tools and Materials for Stripping	280
91. Preparation and Layout for Stripping	283
92. Attaching Negatives to the Masking Sheet	287
93. Combining Negatives and Proofing	292
94. Stripping for Multiple Exposures	295
95. Learning Experiences: Lithographic Imposition	299
SECTION 12. Lithographic Image Carriers	
96. Introduction to Lithographic Image Carriers	301
97. Kinds of Plates	302
98. Exposing Pre-Sensitized Plates	304
99. Processing Pre-Sensitized Plates	308
100. Preparing Diffusion-Transfer, Direct Image, and One-Step Photographic Plates	311
101. Correcting, Preserving, and Storing Pre-Sensitized Plates	315
102. Learning Experiences: Lithographic Image Carriers	316
SECTION 13. Lithographic Image Transfer	
103. Introduction to Offset Lithography Presswork	319
104. Offset Lithography Duplicators and Presses	322
105. Safety with the Offset Lithography Duplicator/Press	326
106. The Offset Lithography Duplicator/Press	327
107. Preparing the Lithography Duplicator/Press	330
108. Operating the Offset Lithography Duplicator/Press	334
109. Lithography Duplicator/Press Adjustments	336
110. Lithographic Printing Problems	341
111. Cleaning the Lithography Duplicator/Press	343
112. Learning Experiences: Lithographic Image Transfer	345
SECTION 14. Gravure Printing Process	
113. Introduction to the Gravure Printing Process	349
114. Gravure Image Carriers	351
115. Gravure Printing Presses	355
116. Safety when Etching and Engraving	359
117. Flat-Plate Gravure Etching	360
118. Hand Engraving and Printing	362
119. Thermography	365
120. Learning Experiences: Gravure Printing Process	367
SECTION 15. Screen Printing	
121. Introduction to Screen Printing	371
122. Industrial Equipment and Production Methods	373
123. Screen Printing Equipment for Hand Production	378
124. Safety with Screen Printing Equipment and Materials	382
125. Building a Screen Printing Press	383
126. Artwork for Screen Printing	385
127. Lacquer-Soluble Hand-Prepared Film	387
128. Water-Soluble Hand-Prepared Film	391
129. Direct Photographic Screens	392

	Indirect and Direct Photographic Stencil Film	398
130.	Masking the Non-Printing Areas	402
131.	The Screen Printing Operation	404
132.	Screen Cleanup Procedures	407
133.	Paper Stencil and Washout Screens	409
134.	Multi-Color Screen Production	411
135.	Learning Experiences: Screen Printing	412
SECTION 16. Photography		415
137.	Introduction to Photography	416
138.	The Camera	420
139.	Photographic Films	423
140.	Making the Exposure	428
141.	Film Processing	433
142.	Photographic Papers	435
143.	Photographic Printing	443
144.	Finishing and Mounting Prints	446
145.	Learning Experiences: Photography	446
SECTION 17. Duplicating and Special Printing Processes		449
146.	Introduction to Duplicating and Special Printing Processes	450
147.	Spirit and Mimeograph Duplication	455
148.	Office Copying Methods	458
149.	Inkjet Printing and Heat Transfer	460
150.	Learning Experiences: Duplicating and Special Printing Processes	460
SECTION 18. Finishing and Binding		463
151.	Introduction to Finishing and Binding	464
152.	Safety in Finishing and Binding	465
153.	Paper-Cutting Procedures	471
154.	Basic Binding Methods	475
155.	Soft-Cover Binding	478
156.	Case Binding	485
157.	Hand Case Binding	490
158.	Microstorage and Retrieval Systems	495
159.	Learning Experiences: Finishing and Binding	498
SECTION 19. Pulp and Paper Manufacturing		501
161.	Introduction to Pulp and Paper Manufacturing	504
162.	Pulp Manufacturing	510
163.	Kinds, Weights, and Sizes of Paper	517
164.	Buying and Finding Cost of Paper	523
165.	Making Paper by Hand	526
166.	Learning Experiences: Pulp and Paper Manufacturing	528
SECTION 20. Printing Ink Manufacturing		531
168.	Introduction to Printing Inks	532
169.	Formulation of Printing Inks	533
170.	Manufacture of Printing Inks	535
171.	Kinds of Printing Inks	537
172.	Difficulties with Printing Ink	539
173.	Mixing Printing Inks	542
174.	Learning Experiences: Printing Ink Manufacturing	542

SECTION 21. Legal Considerations for the Printer

175. Legal Restrictions of Printed Materials Production	545
176. How to Obtain a Copyright	546
177. Copyright Infringement	547
178. Pornography	549
179. Counterfeiting	549
180. Moral and Ethical Considerations	551
181. Learning Experiences: Legal Considerations for the Printer	552

SECTION 22. Desktop Composition

182. What is Desktop Composition?	555
183. Input in Desktop Composition	559
184. Page Layout and Output in Desktop Composition	561
185. Learning Experiences: Desktop Composition	566

SECTION 23. Graphic Arts Career Opportunities

186. Introduction to Careers in Graphic Arts	569
187. Opportunities in Pre-Press Preparation	571
188. Opportunities in Printing and Finishing	573
189. Opportunities in Management and Sales	575
190. Opportunities in Teaching Graphic Arts	576
191. Pulp and Paper Manufacturing Opportunities	578
192. Being a Successful Employee	580
193. Owning a Graphic Arts Business	586
194. Learning Experiences: Graphic Arts Career Opportunities	594
Glossary	597
Index	621
