Biological Control: A Sustainable Solution to Crop Pest Problems in Africa

Proceedings of the Inaugural Conference
and Workshop of the IITA
Biological Control Program Center for Africa,
5 - 9 December 1988
Cotonou, People's Republic of Benin

CONFERENCE

The Search for Sustainable Solutions to Crop Pest Problems in Africa

Introductory Remarks of the Chair

L. Wilson	1
-----------------	---

IITA's Commitment to Biological Control

L. D. Stifel	5
--------------------	---

The Challenge of Sustainable Agriculture in Africa

M. C. Mensah	8
--------------------	---

The Biological Control Program of IITA: From Concept to Reality

H. R. Herren	18
--------------------	----

Major Arthropod Pests of Food and Industrial Crops of Africa and Their Economic Importance

A. Youdeowei	31
--------------------	----

Integrated Pest Management vs Systems Management

V. Delucchi	51
-------------------	----

Biological Control in the Context of Systems Management

M. Mackauer	68
-------------------	----

Organization and Management Constraints in the Development and Implementation of Sustainable Pest Control in Africa

T. A. Taylor	84
--------------------	----

Economics of Sustainable Pest Control

U. Regev	97
----------------	----

Assistance Needed by National Institutions in Developing Sustainable Pest Management Capacity

B. V. Ouayogodé	107
-----------------------	-----

WORKSHOP

Selected Issues in the Application of Biological Control in Africa

Introductory Comments

F. L. McEwen	113
--------------------	-----

Identifying Pest Problems in Relation to Implementing Biological Control in Africa	110
J. N. Yumbe and M. J. W. CNR	
Problems and Issues in Managing and Rearing Natural Enemies	111
A. Kiny and G. J. de Meillon	
Relevant Research Activities in Support of Sustainable Pest Management	111
J. K. Waage and F. Schulze	
Development of Technologies in Support of Contemporary Biological Control	111
T. Illig and B. Meyerand	
Evaluating the Impact of Biological Control Measures	111
P. Neumann and A. P. Chantona	
Appropriate Support for National Programs: Training, Research, Administration, and Funding	111
R. H. Mackinnon and E. M. Kivuly	
Constraints Confronting National Biological Control Programs	111
A. Wabaguchi	
Present Possibilities for Biological Control of Insect Pests and Weeds in Africa	111
D. J. Greathead	
Introducing the International Organization for Biological Control of Noxious Animals and Plants—IOBC	111
J. P. Aeschlimann	
Recommendations for Implementing Future Biological Control in Africa	111
Workshop Delegates	111
Conference and Workshop Participants	111
