Advances in Tropical Acacia Research

Proceedings of an international workshop held in
Bangkok, Thailand, 11-15 February 1991

Editor: John W. Turnbull

Organising Committee:

Thailand

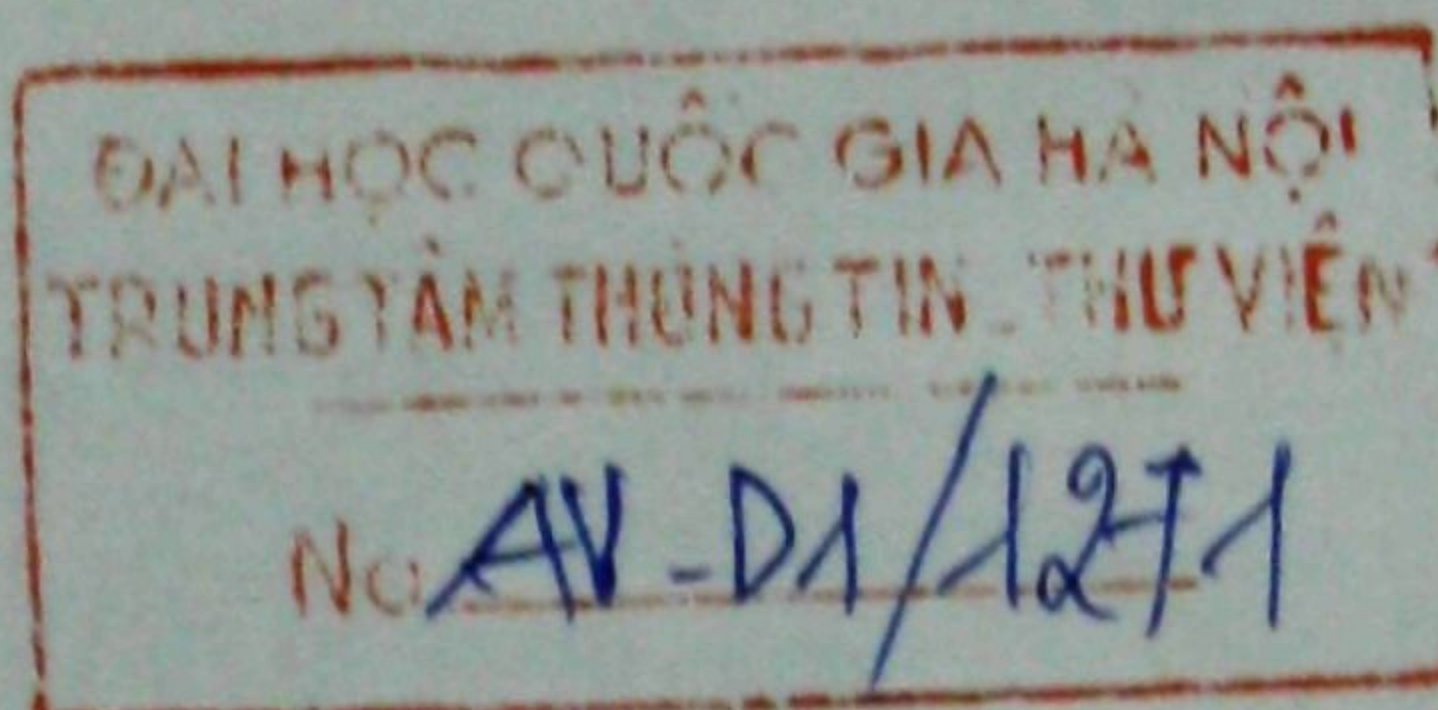

Boonchoob Boontawee
Pravit Chittachumnonk
Bunyarit Puriyakorn
Pisal Wasuwanich

Australia

John W. Turnbull
Heather R. Crompton
Khongsak Pinyopusarerk
Suzette D. Searle

Cosponsors:

Australian Centre for International Agricultural Research (ACIAR)
Royal Forest Department, Thailand

Royal Forest Department (RFD)
RFD
RFD
RFD

ACIAR
ACIAR
CSIRO Division of Forestry
CSIRO Division of Forestry

Contents

Foreword 7

RECOMMENDATIONS FOR RESEARCH INTO TROPICAL ACACIAS

M.W. Haines, F.H. McKinnell, N.E. Marcar and J.W. Turnbull 8

BIOLOGY AND ECOLOGY

Role of symbiotic associations in nutrition of tropical acacias

P. Dart, M. Umali-Garcia and A. Almendras 13

Factors limiting seed production in *Acacia mearnsii*

M.W. Moncur, G.F. Moran and J.E. Grant 20

Comparison of floral morphology, flower production and pollen yield of *Acacia mangium* and *A. auriculiformis*

Zakaria Ibrahim and Kamis Awang 26

Floral development of *Acacia auriculiformis*

S. Ngamkajornwiwat and V. Luangviriyasaeng 30

Multiplication of *Acacia mangium* by stem cuttings and tissue culture techniques

Darus H. Ahmad 32

Vegetative propagation of *Acacia auriculiformis*

Apisit Simsiri 36

Tissue culture of *Acacia auriculiformis*

Nutthakorn Semsuntud and Wanna Nitiwattanachai 39

Coppicing ability of some Australian tree species in Thailand

Thiti Visaratana 43

Standing above-ground yields of some tropical acacias

S. Kiratiprayoon and E.R. Williams 48

Identifying climatic areas in China suitable for *Acacia mearnsii* and *A. mangium*

T.H. Booth and Yan Hong 52

GENETIC RESOURCES AND TREE IMPROVEMENT

Exploring and accessing the genetic resources of four selected tropical acacias

B.V. Gunn and S.J. Midgley 57

The history of acacia introductions to China

Wang Huoran and Fang Yulin 64

Variation in seedling morphology of *Acacia auriculiformis*

K. Pinyopusarerk, E.R. Williams and D.J. Boland 67

Growth and survival at 18 months of an *Acacia auriculiformis* trial in Southern China

Yang Minguang and Zeng Yutian 73

Results at 12 months of *Acacia auriculiformis* trials in Thailand

V. Luangviriyasaeng, K. Pinyopusarek and E.R. Williams 77

Genetic variation for salt and waterlogging tolerance of *Acacia auriculiformis*

N.E. Marcar, S.K. Ganesan and J. Field 82

Seed orchards of *Acacia auriculiformis* at Melville Island, Northern Territory, Australia

C.E. Harwood, A.C. Matheson, N. Gororo and M.W. Haines 87

Short Communications

Genetic structure of natural populations of *Acacia auriculiformis* in Australia and Papua New Guinea

R. Wickneswari and M. Norwati 92

Genetic variation of *Acacia melanoxylon*

J. Playford, C. Bell and G.F. Moran 93

Genetic variation in frost tolerance of *Acacia mearnsii*

S.D. Searle, J.V. Owen, E.R. Williams and C.A. Raymond 94

SILVICULTURE AND UTILISATION

Use of acacias in wastelands reforestation

Ram Prasad 96

Use of *Acacia* species in agroforestry

P. Petmak and E.R. Williams 103

Plantation development of *Acacia mangium* in Sumatra

M. Werren 107

The role of *Acacia auriculiformis* in afforestation in Karnataka, India

G.N. Bulgannawar and B.B.M. Math 110

The establishment and tending of *Acacia mangium*

D.J. Mead and R.R. Miller 116

The role of acacia and eucalypt plantations for honey production

M.W. Moncur, G. Kleinschmidt and D. Somerville 123

Tannin analysis of *Acacia mearnsii* bark — a comparison of the hide-powder and Stiasny methods

Zheng Guangcheng, Lin Yunlu and Y. Yazaki 128

Planning of pulpwood production from plantations

V. Balodis 132

Pulping properties of tropical acacias

N.B. Clark, V. Balodis, Fang Guigan and Wang Jingxia 138

Kraft pulping properties of *Acacia mearnsii* and *A. silvestris*

Fang Guigan, V. Balodis, Wang Jingxia and N.B. Clark 145

The utilisation potential of *Acacia shirleyi* in the Northern Territory, Australia

P.J. Fitzgerald 151

PERFORMANCE STUDIES

- Performance of *Acacia* species in Thailand
Pravit Chittachummonk and Sumet Sirilak 153
- Performance of *Acacia* species on four sites of Sabah Forest Industries
Sim Boon Liang and Edmund Gan 159
- Acacia* species and provenance trials in uplands of Sri Lanka
N.D.R. Weerawardane and K. Vivekanandan 166
- Results from a four-year-old tropical *Acacia* species/provenance trial on Hainan Island, China
Yang Minquan and Zeng Yutian 170
- Growth of some *Acacia* species in Vietnam
Le Dinh Kha and Nguyen Hoang Nghia 173
- Responses by six acacias to fertiliser applications on infertile sandy loam
P.A. Ryan, M.R. Nester and R.E. Bell 177
- Testing *Acacia* species on alkaline soils in West Timor
F.H. McKinnell and Harisetijono 183
- Performance of *Acacia auriculiformis* in India
Kodira A. Kushalapa 189
- Species trials of some acacias in tropical dryland Queensland, Australia
R.E. Bell, G.B. Applegate and P.A. Ryan 194
- Early results from trials of Australian acacias in semi-arid Kenya
F. Chege and M. Stewart 201
- Early growth of lesser-known Australian acacias at Loruk, Kenya
J.M. Kimondo 206
- Acacia mearnsii* provenance trials in southern China
Gao Chuan Bi and Li Ji Yuan 209
- Performance of *Acacia mearnsii* provenance/progeny in southern China
Gao Chuan Bi, Li Ji Yuan and E.R. Williams 215
- Growth of Australian acacias in species/provenance trials in subtropical Guangdong, China
Yang Minquan, Suzette Searle and Zeng Yutian 219
- Trials of *Acacia mangium* at the Sabah Forestry Development Authority
Khamis bin Selamat 224
- Australian acacias in Laos
Sylavong Latsamay 227
- Trials with Australian and other *Acacia* species on salt-affected land in Pakistan, Thailand and Australia
N.E. Marcar, R.W. Hussain, S. Arunin and T. Beetson 229
- Participants 233
